FINE STRAINS OF SEEDS
FOR FLORISTS AND NURSERYMEN

Annual and Perennial Flower Seeds

Vegetable Seeds

THE MARTIN - PRATT SEED CO.
PAINESVILLE, OHIO

To Our Florist And Nurseryman Friends

NO PERSON knows exactly what is in store for us in 1942. Unquestionably there will be disappointments and dark days for all of us. On the other hand there will be good news and prosperity for many to look forward to.

There can and should be plenty of flowers and plenty of gardens. Flowers help perhaps more than anything else to cheer and give us an uplift in spirit and morale. I am informed that even in the severely injured sections of Europe that the flower markets offer some of the very few bright spots, and that flowers are wanted and purchased even when money is extremely scarce.

You growers of flowers and vegetables will have a real part in the advancement of our country this year. **So plan to grow all the crops you can properly take care of,** with the feeling that people will expect and want your products.

You can still depend on a supply of good seed. True enough, shortages of some kinds of seeds are acute and you will have to do without some of your favorite varieties. But our American growers still are producing new varieties and improving the quality of standard varieties. You will see by the pages of this catalog that we can provide you with a fine assortment of seeds for 1942.

Plan your crops carefully and order your needs early. Careful consideration of your market, your available capacity and help will be necessary in order to insure profitable operation. Of course in times of scarcity early orders are extremely advisable.

We will do our part by giving your orders careful personal attention and doing everything possible to safeguard the quality of our seeds. So we hand you this catalog with confidence in your ability to produce and sell, and in our ability to provide you with good seed.

With sincerity,

THE MARTIN-PRATT SEED COMPANY

BEST NEW FLOWERS FOR 1942

After a careful perusal of the novelties offered for this year, we feel that those offered on this page deserve universal growing. These varieties are all from reliable growers and we personally inspected them when in bloom during the summer of 1941. Include at least some of them on your order.

ALL-AMERICA SELECTIONS

Following are the All American Award winners for 1942. These varieties won the approval of competent judges throughout the country.

IPOMAEA, Pearly Gates. Similar to the popular Heavenly Blue, except in color, which is white with creamy shading in throat. Excellent companion for Heavenly Blue and Scarlet O'Hara for red, white and blue effect. **Tr. pkt. 40c; 1/4 oz. 70c; oz. \$2.40.**

CLEOME, Pink Queen. Most attractive of the Spider Plants, a delightful shade of pink. Excellent border plants 4 feet tall, well branched and in bloom all summer. **Tr. pkt. 30c; 1/4 oz. 70c; oz. \$2.40.**

COSMOS, Yellow Flare. Even more striking than Orange Flare, bearing great quantities of rich butter-yellow flowers. **Tr. pkt. 40c; 1/4 oz. \$1.00.**

NIEREMBERGIA, Purple Robe. Several shades deeper than Hippomanica, and similar in growth. **Tr. pkt. 75c.**

MARIGOLD, Dwarf Butterball. Harmony Type. Bright canary yellow, early and free blooming and uniformly about 8 inches tall. Compact with nice foliage. Excellent for beds, borders, and combination pots. Each petal has just a spot of maroon at the tip. **Tr. pkt. 30c; 1/4 oz. 50c; oz. \$1.80.**

MARIGOLD, Dwarf Melody. Harmony Type. Taller than Butterball, 12 to 15 inches, and with golden yellow flowers. A border of Melody is magnificent. **Tr. pkt. 25c; 1/4 oz. 40c; oz. \$1.20.**

MARIGOLD, Golden Bedder. Chrysanthemum flowered variety with a row of outer guard petals and the doubled and crested center like Dixie Sunshine. Very early to bloom. Flowers a distinct shade of golden orange. Foliage sparse and light yellowish green. **Tr. pkt. 40c; 1/4 oz. \$1.50.**

PHLOX, Gigantea Red Glory. Richest bright red with contrasting white eye. Very uniform and true. **Tr. pkt. 50c; 1/8 oz. \$1.25.**

MARIGOLD, Mission Yellowstone. Bright clear yellow counterpart to Goldsmith, introduced last season. **Tr. pkt. 35c; 1/4 oz. \$1.20.**

ZINNIA, Royal Purple. New Dahlia Zinnia of great uniformity in plant habit, color and large flowering habit. A deeper and richer shade than Purple Prince. **Tr. pkt. 30c; 1/4 oz. 50c; oz. \$1.75.**

RUDBECKIA, Starlight. Very free blooming with many color combinations of yellow, gold and mahogany. Double, semi-double, and single flowers are all present. Excellent cut flowers. Branching plants 3 feet tall. **Tr. pkt. 40c.**

Other Varieties Worthy Of Special Attention

AGERATUM, Blue Bedder. Very dwarf and compact strain (about 4 inches) coming surprisingly true from seed. Holds large cluster of deep lavender blue flowers a shade deeper than Blue Ball. **Tr. pkt. 40c; 1/8 oz. \$1.50.**

SUPER-MAJESTIC LARKSPURS

Most vigorous growing of all Larkspurs—plants 4 to 5 feet tall under favorable conditions, with many long flowering spikes from basal branches.

Super-Majestic White. Newest of the group. Large glistening white double flowers, closely packed in long spike. **1/8 oz. 30c; 1/4 oz. 55c; oz. \$1.80.**

Super-Majestic Rose Pink. Deep rose about same shade as Los Angeles. **1/8 oz. 25c; 1/4 oz. 45c; oz. \$1.50.**

Super-Majestic Lavender. Hyacinth blue and clear lavender. **1/8 oz. 25c; 1/4 oz. 45c; oz. \$1.50.**

PETUNIA, Giant Double Fringed. Finest American grown strain of Double Petunias. A large percentage come truly double, with fine colors and beautiful flower forms. In transplanting save all seedlings, the weakest often producing the best double blooms. **Tr. pkt. \$2.00; 1/4 oz. \$5.00; 1/2 oz. \$9.00.**

PETUNIA, Topaz Queen. Same color as the popular Topaz Rose, but more dwarf and compact and a better bloomer. **Tr. pkt. 50c; 1/8 oz. \$1.50; 1/4 oz. \$2.75.**

SPRING FLOWERING SWEET PEAS

For outdoors or greenhouse. Sown in spring-time as summer flowering Peas, they will bloom earlier and also bloom better during the heat of summer. See complete listing of varieties on page 16.

EXCELLENT NEW PERENNIALS

AQUILEGIA, Longissima Hybrids. Extremely graceful long spurred strain in delicate shades. The result of a crossing of the original creamy yellow Longissima with Mrs. Scott Elliotts Hybrids. **Tr. pkt. 50c; 1/8 oz. \$1.50.**

DELPHINIUM, Private Collectors Strain. This seed is selected from a really wonderful collection of plants produced from world famous strains. You and your customers cannot fail to be enthusiastic when you see the magnificent spikes in bloom. **Tr. pkt. 75c; 1/8 oz. \$1.40; 1/4 oz. \$2.50; oz. \$8.00; 2 ozs. \$15.00.**

EREMURUS, Tower of Jewels. For stately beauty the Eremurus cannot be excelled. The tall spikes are covered with hundreds of bright star-shaped blossoms in many shades. Eremurus is not difficult to grow from seed, requiring cold in starting rather than heat. Directions for growing from seed will be sent with your order. **1/8 oz. 50c; 1/4 oz. 90c; oz. \$3.00. (1200 or more seeds per ounce.)**

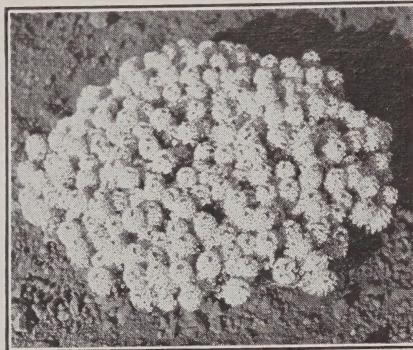

SHASTA DAISY, Queen Victoria. New giant single variety with broad overlapping petals. Under good conditions these daisies reach a diameter of 5 to 6 inches, and are borne on long stiff stems so well adapted to cutting. **Tr. pkt. 25c; oz. \$1.00.**

PERENNIAL SEEDS

The absence of any imported seeds and crop failures in this country have seriously reduced the quantities of perennials we can offer for 1942, and have tended to increase prices. We urge early ordering because stocks will not last long, and cannot be replaced. Furthermore we cannot guarantee to hold present prices.

We have done everything possible to safeguard the quality of the seeds we offer. Many of our principal varieties were gathered right on our own nursery. Seeds purchased elsewhere we are carefully testing. These facts are mighty important to you.

GROW DELPHINIUMS

FOR PLANT SALES AND CUT-FLOWERS

Private Collectors Hybrid Strain

This seed we obtained from a gardener who for years has purchased seed from the world's leading hybridists at \$1.00 and \$2.00 and even more per packet. Much of the parent stock is of the famous Leonian's Hybrids. As these plants came into flower the poorer ones were discarded so that our seed has really come from the cream of the crop. The percentage of doubles is very high; the spikes long, and individual florets are large. All the finest shades known to Delphiniums are represented. Exclusive Private Collectors Strain. Tr. pkt. 75c; $\frac{1}{8}$ oz. \$1.40; $\frac{1}{4}$ oz. \$2.50; oz. \$8.00; 2 ozs. \$15.00

DELPHINIUM SEED

A MARTIN-PRATT SPECIALTY

Because of our nursery operations it has been imperative for us to try out for many years all available strains of Delphiniums, constantly striving to have the best for our customers.

And there is no more profitable crop for the plant grower to produce than good Delphinium. See page 24 of this catalog for a complete offering of our Delphinium seeds, noting these strains especially:

Private Collectors Hybrid Strain

Consider this tops for 1942. We believe the plants longer lived than Pacific Hybrids and equally beautiful in flower.

Giant California Hybrids

Magnificent tall spikes and large flowers, with a high percentage of doubles.

See Illustration here.

Blackmore & Langdon's Hybrids

The best for large scale operations where both quality and low price are demanded.

Belladonna Cliveden Beauty

The best light blue Belladonna type.

Lamartine

The best dark blue Belladonna type.
